

Project 8035

Session Dec-59

#7

#14

220900 May 81

Map - long irregular body of water
dotted curved line
curving toward river

mlns to r.

reminded of conduit "flow more"
by tube

in valley

high ground looking at low ground to N.

not many trees
some complex & L.

big trucks

6-8 guys

looked like an body
drop of some kind

then equipment

something blew up

people didn't jump

OK, let's get him moving around

repetition of bumps like active position

+14
st

Towed artillery piece in revetment
pointing to NE

+20
**

OK, what other perceptions does he have?

Mine or cave

To east in ravine are 3 things
dig back into hill - could be artillery

To west 30-40 people in formation
like training

lot of people w/ umbrellas

**

OK, ask him to gain an appreciation for
the nature of this activity, then
move him ahead in time

29 May

E or NE bunch of tracked vehicle in a
protected valley

3-4 troops maintaining vehicle
Veh all oriented the same way

Veh w/ real tall antennae w/ guy wires

+34
**

Ask him on last time how he would
describe the urgency of the situation

+34 ** Joyed the last question, he just answered
it

+34 **
